

28 January 1963

MEMORANDUM FOR: Mrs. [REDACTED] 25X1A9a  
Political Liaison/NIS Coordinator  
Biographic Register

SUBJECT: Comments on Tentative List of Reports  
to be included in the KP on NIS 21

REFERENCE: Your memo to DAD/BI dated 14 January 1963

1. The problem posed here is similar to that encountered with the KP on Poland. For Yugoslavia we add four new biographies, up-date about 53, and leave over 200 (of the 261 in the January 1958 issue) as they were. This means we will probably need to retain the January 1958 version until properly superseded.

2. Coverage in the Institutional Directory of the new KP may be considered sufficient for the three fields (Education, Religion, and Information Media) not represented in the proposed list attached to your referenced memo, and may also be the explanation for the omission of the heads or leaders of People's Youth, Federation of Women's Societies, National Bank, Federation of Chambers of Commerce, Supreme Court, Academy of Science, etc. Possibly some individuals have been considered for inclusion in the new KP and have been rejected; for example, Tito included a few individuals in his party when he visited the U. S. S. R. in December who are not presented here. They are: L. Arsov, President of the People's Assembly of Macedonia; J. Krayachin, Croatian vice president of the Vecha; B. Krayger, member of the union executive Vecha; D. Vidich, president of the Commission of International Communications of the Socialist Union of Working People's of Yugoslavia; Miyatovich, Ts, Ambassador to Moscow (same as Mijatovic?); Stanichich, M., Military Attache to the U. S. S. R.; and Tanobraya, B., general secretary to the president. Also a State Secretary for Commodity Trade may have been considered and rejected.

3. As of December 1962, L. Arsov was listed as President of the People's Assembly of Macedonia. This list shows Markovski Krste in this position, but a change may have occurred not recorded in our files.
